THE CORPORATION OF THE CITY OF BARRIE

MAYOR – D. ASPDEN

CITY CLERK – DAWN A. MCALPINE

SCHEDULE "A"**GREEN (SUSTAINABLE) PROCUREMENT**

The Corporation is committed to the purchase of goods and/or services with due regard to the preservation of the natural environment and to encourage the use of environmentally friendly products and services.

All departments, in conjunction with the Purchasing Branch, are encouraged to seek additional ways of achieving the goal of being environmentally safe and responsible by thorough review of each procurement process of goods, services and construction to ensure that wherever possible and economically feasible, specifications/terms of reference provide for:

1. Expanded use of products and services that contain post-consumer recyclable waste and/or recyclable content to the maximum level allowable, without significantly affecting the intended use or performance of the product or service;
2. Consideration of products, certified by an Independently accredited organization, that prevent the over consumption of energy and other resource and reduce the production of waste, and the release of substances harmful to the biosphere;
3. Consideration of products, certified by an independently accredited organization, which favor environmentally-benign, post-consumer, bio-degradable, and non-toxic ingredients.
4. Consideration for the process by which products are manufactured, operated, transported, stored, packaged and the method of disposal.

It is also recognized that a cost analysis may be required in order to ensure that the products are made available at competitive prices in order to increase the development and awareness of Environmentally Sound Products.

SCHEDULE "B"**FAIR TRADE CERTIFIED PRODUCTS**

The Corporation shall give equal consideration for the purchase of "Fair Trade Certified" products that are offered in response to a procurement request provided the submission is compliant with this By-law, that it meets or exceeds the stated specification or terms of reference and, is determined to be the economically best value for purchase.
